CORPSE OF UNKNOWN IS NOT IDENTIFIED

Is Believed to Have Met Death at Hands of His Pals in Crime.

Special to The Tribune.
OGDEN, May 26.—Nothing further which might lead to the identification of the unknown man, whose corpse was found Monday afternoon in a badly decomposed condition a few miles south of the city, was unearthed by the autopsy of County Physician Gordon, and the investigation of a coroner's jury Tuesday afternoon.

That the unfortunate man, whoever he might be, met death at the hands of unknown parties was established almost to a certainty, when two bullet holes were found in his head and one in the stomach, and a small caliber revolver with one bullet exploded lying in reach of his right hand.

The theory advanced by those who first saw the body, and the personal effects found with it, that the dead man had been "chopped off" by some of his pals in a dispute over the division of ill gotten goods, seems to be the most plausible.

The bundle of clothing contained children's and women's stockings, with other articles which could not be personally used by the dead man, indicates that he belonged to a band of burglars who have infested this locality for some time.

So badly decomposed is the body that it would be impossible for any one knowing the man to identify him. He is believed to have been a man who he saw the "jangles" three weeks ago.

That the body has not been lying where it was found longer than May 17 is evidenced by a Sunday school leaflet from the First Methodist church, Salt Lake City, of the above date which was found among the clothing Tuesday morning. Unless something further develops soon, the body will be interred at the expense of the county.

OGDEN, May 26.—The programme for graduation of 129 pupils from the eighth grade of the city schools has been completed. The exercises were held at a tabernacle next Thursday evening at 8 o'clock. The class this year is one of the largest in the history of the city schools, numbering 129. The Lewis school claims the largest number, its graduating class being composed of thirty-two pupils. The Madison school is a close second, with twenty-seven graduates. The most of the large graduating class will be in the city when the high school next session.

The programme consists of musical numbers, both instrumental and vocal, and recitations, which will be participated in by the graduating students from each school.

On behalf of the student body of the high school, addresses of welcome to the graduates will be delivered by Principal B. E. Cloyd of the faculty and Roscoe D. Adams, representing the student body. These addresses of welcome will be responded to by Marian Browning of the Lewis school.

Certificates of graduation will be presented by D. H. Adams.

Final arrangements were completed Tuesday for the game, which will be played at 2 o'clock in the afternoon. Already prominent politicians, dignified lawyers, bankers and other business men are expected to be present, and a large crowd is expected to be present at the game on Decoration day.

NEW RESERVOIR FOR THE OGDEN WATERWORKS

Special to The Tribune.

OGDEN, May 26.—A mammoth reservoir with a capacity of 75,000,000 gallons of water will soon be begun by the Ogden Waterworks company near the present storage plant.

The reservoir will be maintained in connection with the city's water supply, and will be invaluable in case of an accident to the pipe line or some unforeseen occurrence, as it will be capable enough to hold a water supply for the entire city for twenty days. Engineers are now busy with the specifications. The plant will cost approximately \$15,000. The foundations will be constructed of solid cement. Already a petition has been sent to the City Council asking that certain streets in the vicinity be closed so the work on the reservoir will not be interfered with when its construction begins.

MONDAY NIGHT'S STORM DID MUCH DAMAGE

Special to The Tribune.

OGDEN, May 26.—Telephone and telegraph wires were badly damaged, and service from some portions of the city completely put out of commission by the electrical storm which passed through the city Monday night.

All of the trees at the Utah Hot Springs were burned out by the storm. East of the city, near the mountains, the atmosphere seemed to be surcharged with electricity. Barbed wire fences, according to witnesses, emitted sparks, and other metal articles showed signs of being heavily charged while the storm lasted.

All of the damage to the wires in and about the city was repaired by noon Tuesday.

SAYS HUSBAND HAS FAILED TO SUPPORT

Special to The Tribune.

OGDEN, May 26.—For the last two years, Lorenzo Rhee has failed to furnish his wife and five children with the common necessities of life, according to a complaint for divorce filed in the District court by Sarah Rhee. She says they were married in Ogden March 25, 1893, and have five children. Since her husband has failed to furnish his family with a support, Mrs. Rhee asserts that she has been compelled to work as a domestic and do dressmaking to earn a livelihood for herself and little ones. She asks the court to give her a divorce and such other relief as may be just.

Laying Off Trackmen.

Special to The Tribune.

OGDEN, May 26.—The trackmen and other laborers on the Utah division of the Union Pacific are being laid off daily in order to keep down expenses on the system until the beginning of the new railroad year, July 1. When the new year opens, it is announced, all of the men who have been laid off from track work and the gangs of men recently taken off the work at the cut-off will be put back on their jobs.

Ogden Briefs.

Special to The Tribune.

OGDEN, May 26.—Henry Peery, one of the most prominent wool men of the State, has notified Secretary Stewart of the Utah Wool Growers' association that he is in favor of the proposition to store this year's wool clip in a warehouse in Ogden, instead of in a domestic dealer in the State who does not care to have Eastern buyers dictate the price which will probably join with Mr. Peery in this plan.

The extension of the water mains to be used for fire protection for all of the buildings in the local railroad yards is nearly completed, under the direction of Engineer Campbell. The new mains which have already been laid were subjected to a test of from 30 to 100 pounds of pressure recently.

The will of the late Erik Larson was admitted to probate Tuesday, and Judge Stewart named Robert Christensen as executor. The estate is valued at \$10,000 and will be distributed among the relatives of the deceased living in Denmark.

At the Weber Stake academy next Thursday evening at 7:30 o'clock, the new building recently completed will be dedicated, and those who assisted in its erection by donations will be entertained by the faculty and students of the institution. Appropriate exercises will be conducted by the students and members of the faculty.
